Our Quality Guarantee

We work closely with our Dutch growers to ensure that only the best quality flower bulbs and perennials are selected for this program. With staff on the ground in Holland, we go to great lengths to guarantee that our product is grown, delivered and packaged to the highest degree possible. If for any reason you are not totally satisfied with your product upon delivery, we will replace any item immediately and free of charge. Our success depends upon your success!

When your order arrives...

Once you receive your order, you will be pleased to find that each item you purchased comes with a full color label that provides you with all the information you need to have success in the garden. Each label contains a bar code, the bulb size, plant height, proper spacing, where to plant, plus other features that will assist your customers in growing a beautiful bulb garden.

Fundraising with flowers

7 REMBRANDT TULIPS
Bulb size 11/12cm
Height 19-22cm
Spacing 6-8cm
Full or Part Sun Cut Flower

Planting Instructions

In a sunny location, plant in rich, well-drained soil. Plant tulips about 6.5 inches deep (measuring from the base of the bulb). Water planting hole with 1" of water. After planting, firm soil around the base of each bulb. Water after planting. Keep soil moist but not saturated. Once bulbs send up leaves with no flowers, it's time to replace them.
